Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This unique, 25 page, Real World User Guide for getting your handicap down from 24 to 10. (and beyond!) is written by someone who has just gone through many years of continued golfing frustrations and by someone who has now identified a simple catalyst to sorting his swing out once and for all (and who is now smiling whilst playing golf)! I am also a qualified ski instructor and I love analysing sports to try and figure out if there is an easy way to do them;) This Real World User Guide is not written by a golf pro who was a 10 hcp by the time he got out of puberty, it is written by a Real World 10 handicapper with the benefit of fresh Real World hindsight! It works around the four mainstays of my golf swing; these will genuinely sort out your whole game for ever, and it includes the single quick change catalyst that got me down from 16 to 10 in the blink of an eye. Luckily for you, I give you the quick steps to finding this Eureka moment in golf right at the start of the guide. This is my second Real World User Guide, the first was my Real World E-bike User Guide, which is still on sale on ebay, with already over 100+ happy readers.
