THE SIMPLE WAY TO LEARN FRENCH 2 (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In book one, we established the idea that language is an essential aspect of the human condition, and provided you with the basics for learning some conversational French. In book two, we expand upon this by introducing you to other aspects of grammar which may not have been previously covered. Again, we find ourselves asking questions like Where can I buy some French paintings? Who is the new president of France? or How much do we pay to watch Les Blues at the Parc des Princes Stadium? We may not have the answers, but we can definitely help you ask the questions, in the simplest of ways. Like its predecessor, this book contains a lexicon of some of the most used words in everyday French conversation. It makes use of the age old learning techniques of repetition and rote memorization, in an attempt to condition the brain for learning French as quickly as possible. In addition, an auxillary feature called story mode is included to aid the reader in a bid to test comprehension. Finally, it should be noted that while this book will aid in a visual recognition and comprehension of words in the French language, students must also have an understanding of their proper pronunciations. To help with this, there is an accompanying audiobook that will be made available, in order to enable listening lessons. And so, from the beautiful city of Paris, the city of croissants, baguettes and all things fashionable, we present to you, The Simplest Way To Learn French 2.
