The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Kaplan s, 5-Steps, Crash Course and the others are great resources for reviewing at the end, but Tamm s Textbook Tools accompanies students all year long. This AP World History companion is filled with vocab and assignments that follow the Bentley text throughout the year, chapter-by-chapter. It can be used for regular weekly assignments or review. It can be used on short notice if there is a sub, or be done as homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers started putting the majority of their content online, it opened a niche for traditional paper assignments, a void filled by this series. The textbook itself can be written in ink or electrons, but students still need to write and keep notes for themselves, and portfolios still matter. These activities challenge students to apply the concepts and give examples, diagramming each chapter as it comes. Facebook message or email if you want bulk pricing for a class set.
