The health and wholeness of persons has become an ever more important factor of life. There are many more cases of severe disease and disability facing nearly every individual today. At the same time there is a greater array of medical options available, but often these are not successful in treating the debilitating health issues. Is there any option available other than the traditional medical and psychological treatments that are costly in terms of money, time and personal well being? The Bible in both the Old and New Testaments teaches that God Himself promises to be the healer for those who serve Him. This healing has been provided by the wounds of the crucified Jewish Messiah whom Christians know as Jesus Christ. The Scriptures are clear that this healing is available and ready to be claimed by those who will receive it by faith. Eight Secrets to Spiritual Healing reveals how the Bible shows that healing can be attained. It also deals with many of the seeming puzzles that make divine healing appear to be an unfounded idea that is not attainable on the one hand and a scheme that has been wrongly utilized on the other. The author steers a centrist course that proclaims the reality of spiritual healing through faith. The book is thoroughly Biblical in its approach. It makes no claim to being an exhaustive study of the subject. Rather, its purpose is to bring hope and encouragement to hurting people. There is a God who promises healing and has opened the way of access that those who will receive through the way of Biblical faith may experience a new level of well-being for body, mind...
