M Publishing, United Kingdom, 2014. Paperback. Book Condition: New. 2nd edition. 244 x 170 mm. Language: English . Brand New Book ***** Print on Demand *****.The book describes the ultimate genetic destination of a human being and significance of energy from the Omega dimension to that process. The source of the Omega energy, the most efficient ways to assimilate it, and the resulting physical and spiritual transformation of an individual are explained. The human evolution is followed over the last 6000 years, and a rare light shed on the puzzling topics introduced in the sacred books (Resurrection, Last Judgement and Salvation) that resound from antiquity to the present day. While elaborating on our current evolutionary needs and highlighting the cosmic aspect of human destiny, the answers are given to a plethora of existential questions such as: Why are we on this planet and why now? What are the reasons behind our experiences? How to recognise our choices? The book also reveals the relevance of the renewed sentence I am Alpha and the Omega, says the lord God to the Time we live in, and to our evolutionary path, in regard to energies we need to assimilate. Reader will discover what the Golden Age holds for Humanity and how we can reach that future. By offering a cosmic perspective to Human s presence on this planet, the book provides a fresh element to the contemplation on meaning and fulfilment of our life, particularly this time on Earth.
