The Philosophy of the Future

By S S Hebberd

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The Philosophy of the Future which has cost the author more than half a century of toil , is a stout defense of the principle of Causation both against the philosophical scientists who, following Hume, would reduce cause to customary sequence among our sense-impressions, and against the subordination by many writers on logic of the notion of cause to that of reason or ground. To cancel causality is to efface all distinction between truth and falsehood. Scientia est cognoscere causas. The sole essential function of all thinking is to discriminate between cause and effect. There is no known form of thought which is not ultimately reducible into an assertion of cause and effect. From the vantage ground of this theorem, with its corollary that a cause cannot be known except through its effects, or an effect apart from its cause, Mr. Hebberd trains his guns upon the systems of Hume, Kant, Hegel, Mill, and other logical writers. He reviews successively Space, Time, the Concept, Judgment, and finally Induction, defined as the discovery of causal processes by means...
